INDUSTRY REGISTRATION FORM

The 2010 VTCA-VDOT Consultant Forum

You are cordially invited to join your industry colleagues Friday, September 24, 2010 at the VTCA-VDOT Consultant Forum in Richmond, Virginia.

Virginia's transportation program continues to rapidly change. Unfortunately none of those changes include a new funding package. Regardless of the funding picture Virginia's transportation program will move forward. This fall's Forum will focus on VDOT's plans to operate within the available funding and what changes the consultant industry may see as a result. Funding, new procurement and delivery methods, increased dependency on municipalities, outsourcing and advances in technology are just a few of the issues that affect you.

Join representatives from VDOT's engineering staff, municipal transportation officials and consultants at the 2010 VTCA-VDOT Consultant Forum to share your questions, issues and experiences. There is no greater opportunity for the transportation engineering community to openly discuss the issues that matter most to Virginia's transportation engineering firms.

Immediately following the sessions, an open hospitality session, hosted by VTCA members, will provide an opportunity for all Forum participants to meet and exchange information.

The Forum is sponsored by the A/E Members and Sponsors of the Virginia Transportation Construction Alliance in cooperation with the Virginia Department of Transportation.

Please make your hotel room reservations by calling the hotel directly at 800-397-1034. When making reservations use the group code **VTC** to indicate that you are attending the **VTCA-VDOT Consultant Forum** and that you are with **Industry** for a special rate.
